Edward Wenzler (Posthumous Award)

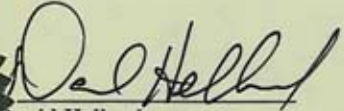

For over 40 years, from the 1968 design of the UW-Stevens Point College of Fine Arts Building to the recently completed UW-River Falls South Fork Suites Residence Hall, William Wenzler and Associates-Architects has provided consistently high level design services with close attention to detail and the needs of the State of Wisconsin, the University of Wisconsin and the State of Wisconsin Building Program.

The College of Fine Arts facility continues after four decades of service to provide an excellent facility for Fine Arts education at the Stevens Point campus, as well as serving as a valuable art performance venue for the University as well as the community of Stevens Point.

The high level of excellence in design by Wenzler continues to this day with the recently completed South Fork Suites Residence Hall at River Falls, a well thought-out and designed facility meeting 21st Century student housing needs.
